

# High-Rise Textile Recycling

Big Brothers  
of Greater Vancouver  
Clothing Donation

## Why Participate?

- Enjoy the ease and convenience for you and your residents
- Be ready for the upcoming Metro Vancouver textile ban
- Support the Big Brothers charity while contributing to a sustainable future
- Join the growing community of buildings that are no longer discarding usable textiles and clothing into the garbage

## What We Do

Revivify, in close partnership with Big Brothers of Greater Vancouver provides textile recycling for the many Metro Vancouver residents living in high-rise buildings.

This full service program is currently free of charge for qualifying buildings for the duration of the contract.

We work with strata councils, property management companies, and developers to allow their residents to easily recycle clothing, linen, and shoes in the convenience of their own building, much like containers, paper, and other recycled items.

The majority of the proceeds support Big Brothers' and Sisters' programs for mentoring local kids and youth. Our clients also help keep millions of pounds of textiles out of landfills, reduce their environmental impact, and lessen the carbon footprint of dumping textiles or driving to find drop-off locations.

## What's Included

- Professional, reliable, and honest service
- Customized notices to inform residents
- Diversion certificate detailing recycled textiles and their environmental impact
- Off-schedule bin emptying within 48 hours of being requested
- Typical 95 gallon indoor recycling bin
- Regular bin maintenance on an optimized schedule

## Who We Are

Revivify and Big Brothers have formed a strong synergistic partnership to achieve their shared values and goals.

### REVIVIFY

Revivify is a socially and environmentally conscious startup based out of Vancouver, British Columbia, We aim to lay the foundation for a sustainable and practical future for our planet inspired by the circular concepts of nature in the form of applied and scalable projects by integrating disruption, design, innovation, technology, and opportunity.

### BIG BROTHERS

Established in 1978, the Big Brothers and Sisters of Greater Vancouver have supported thousands of children and youth through prevention based mentoring programs. Mentoring curbs issues like bullying and crime for children to grow into more resilient, more giving, and more compassionate adults.

## Next Steps

- Your strata/rental manager contacts us, after all questions are answered, we will sign a contract, and visit the site to plan logistics for bin placement and delivery.
- After placement of bin(s) and start of service on the scheduled date enjoy the convenience of your new textile bin!
- In the meantime, we will collaborate to develop customized notices to inform residents.
- Use your (optional) annual diversion report to proudly communicate your commitment to sustainability, the amount of textiles your building has kept out of the landfill, and the avoided environmental damage.

Stone - Paper®

Printed on Stone-Paper

100% tree-free water resistant photo degradable paper made without the use of harsh chemicals.
